

Scientific Evidences for a Biblical Creation

Creation Science Fellowship of New Mexico

Presents:

A Biblical Creation Conference – Albuquerque: Oct. 27, 28, & 29th

Featuring

Dr. Jonathan Sarfati

Location :

Sandia Baptist Church 9429 Constitution Ave NE, Albuquerque, NM (NE corner at Moon St.)

Just north of I-40 between Wyoming Blvd. (exit 164) and Eubank Blvd. (exit 165).

(see back for map and GPS coordinates or event website for more details)

Introduction :

Creation Science Fellowship of New Mexico (CSFofNM) is pleased to present a weekend conference featuring the well-known author and speaker, **Dr. John Sarfati**, of **Creation Ministries International**. Many important creation topics will be discussed over the time from Friday evening to Sunday morning, October 27- 29. The conference is free to attend. They are taking a love offering to help cover some of the speaker expenses.

Areas to be covered during the conference include: (1) a definition of a biblical worldview, (2) the biblical foundation for science, (3) a six-day young earth understanding of Genesis, (4) a refutation of evolution, (5) ethical issues such as abortion, euthanasia, cloning, stem cells, etc. (6) dinosaurs and how evolution has used them to indoctrinate both young and old, (7) apostasy among young people because of lack of knowledge of the scientific evidence, (8) Jesus Christ as Creator, and (9) design in nature, as exemplified by DNA in particular.

CSFofNM expects this conference to provide a remarkable opportunity for people in New Mexico to be exposed to the main issues of young-earth creation science. It is hoped that all participants will gain an enlightened understanding of creation science and how the Bible and science are related.

More Information:

Visit our website: www.csfnm.org for more about us – CSFofNM

Our 'sub-site' with details about this event: www.csfnm.org/csf_conf_2017.html

Our Facebook page: <https://www.facebook.com/creationsciencefellowshipnm/>

We request you sign up for the conference via our event website. This is a courtesy only – not required! We would like to have a count of how many people might be attending so that we can provide adequate seating.

There will be book tables with a wide variety of materials available for purchase.

CSFofNM is a 508(C)(1) Non-profit corporation

Exodus 20:11 For in six days the LORD made heaven and earth, the sea, and all that in them is, and rested the seventh day: wherefore the LORD blessed the Sabbath day, and hallowed it.

Romans 1:20 For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and Godhead; so that they are without excuse.

Detailed Schedule of Talks

CSFNM Fall Conference 2017 – Sandia Baptist Church

Friday 27th evening:

6:00 PM – Doors open.

6:30 – 7:30 PM - **The Christian Roots of Science & busting evolutionary myths**

Why did science flourish in the West, and only the West? The biblical worldview provided the presuppositions that allowed science to flourish while it was stillborn in other places such as Greece and China. Evolutionists deny this biblical foundation for science by accusing Christianity of superstitions that held science back. Jonathan deftly busts the myth of the 'Dark Ages'—a time marked by many scientific advances. He also busts the myths of Galileo, belief in a flat earth, and more.

8:00 – 9:00 PM – **Jesus and Genesis.**

See how the whole Bible, right from the beginning, points to Jesus Christ as God and man, and Savior. The time, place and manner of His birth and His mission are just what the prophets foretold. Genesis is foundational to all this teaching.

Saturday 28th morning: 8:30 AM- Doors open.

9:00 – 10:00 AM - **Is Genesis a Literal History? Refuting Compromise from the Scripture**

A six day, young earth understanding of Genesis is the only one that comes from the Biblical text itself, which is why the rest of Scripture interprets it that way. Long-age views are a modern aberration that comes from imposing outside ideas of uniformitarian so called “science” upon the text. See how compromising views render the Bible meaningless to a dying world. You'll be encouraged and energized to hear there is no need for compromise and that there are answers. The evidence for Creation and the Bible's account of history is all around us, if only we know how to look for it, and Jonathan will show you how to do just that!

10:30 – 11:30 AM - **Chemicals to Living Cells: Fantasy or Science?**

See how 'goo-to-you' evolution is refuted right at the start! In this fascinating illustrated lecture, a Ph.D. chemist shows how the laws of real chemistry prevent non-living chemicals from arranging themselves into living cells. Self-reproducing cells have far more complexity than Darwin imagined.

11:30 AM – 1:00 PM Lunch Break

Saturday 28th afternoon:

1:00 – 2:00 PM - **Bioethics: Issues of life, death, and morality**

The right view of the Genesis Creation enables us to think clearly about 'life' issues such as abortion, euthanasia, cloning, animal rights, stem cells, etc. Conversely, consistent evolutionary thinking undermines the biblical sanctity of innocent human life, as in Nazi Germany.

2:30 – 3:15 PM – **Jurassic Reality: Dinosaurs & the Most-asked Questions – Answered!**

People of all ages are captivated by dinosaurs. Unfortunately, evolutionists use dinosaurs to indoctrinate the young and the old with an earth history that includes millions of years but has no room for the Bible. This presentation will show the power of a person's starting assumptions (or “worldview”) when interpreting past events, and will define the different types of sciences used in investigating the world around us, with a thorough exploration of these enigmatic lizards. Let's take dinosaurs to the Bible and see what God's word has to say about them!

Sunday 29th morning:

10:30 – 12:00 AM Morning Services - **Design, Deluge & Dilemma**

- Widespread apostasy in young people—not because of lack of evidence, but lack of dissemination of the evidence.
- Jesus as Creator, as well as Kinsman-Redeemer, meaning that He must be our blood relative. This means that all humanity must come from Adam, also the ancestor of Jesus, the Last Adam. Adam's sin brought death, so Jesus brought Resurrection—Rom. 5 and 1 Cor. 15 make an explicit connection.
- Since death came through sin, fossil record must post-date Adam. Explained by Genesis global Flood, which has other evidences.
- Design in nature, including micro-machines. Coded information stored on DNA.
- Goo-to-you evolution requires information increase, but what we see are sorting out already-existing information, natural selection culling information, and mutations corrupting information.
